Congratulations Jason Scrivener !!

Jason is a student of David Milne's excellent golf academy in Perth, and he has only been a Sportsmind client

for a couple of months but already his mental training has unlocked his full golf performance potential that David knew he had in him.

Jason recently played the US Amateur qualifying and got through to the main tournament, where he shot 68 & 65 to win by 3 shots. Well done Jason and well done top golf coach David Milne!

Mark McKean Workshops...

For those interested in the physical aspects of coaching and preparing athletes for outstanding sports performance, I highly recommend workshops offered by my colleague Mark McKean.

Mark and I have presented jointly at various sports, coaching and scientific conferences over the past ten years, and believe me, no-one knows more about physical preparation of top athletes than Mark! Mark has also extended a special discount to Sportsmind clients - mention Sportsmind when booking and receive a \$50 discount. See : [Mark McKean's Workshops](#) for more details.
